PUBLIC REVIEW—CALL FOR COMMENTS

Constructive comments are invited for the following Public Review Drafts, which can be accessed on ASHRAE's website at <https://www.ashrae.org/technical-resources/standards-and-guidelines/public-review-drafts>. All activity for reviewing and commenting on public review drafts can be accomplished completely online. To obtain a paper copy of any Public Review Draft contact ASHRAE, Inc. Attn: Standards Public Review, 180 Technology Parkway, Peachtree Corners, GA 30092, or via email at: standards.section@ashrae.org.

Note: Paper copies are available for \$35.00/copy if 100 pages or less and \$45.00 if over 100 pages

30-day Public Review from September 20, 2024 to October 20, 2024

- ♦ **2nd Public Review of BSR/ASHRAE/ICC/USGBC/IES Addendum b to ANSI/ASHRAE/ICC/USGBC/IES Standard 189.1-2023, *Standard for the Design of High-Performance Green Buildings Except Low-Rise Residential Buildings, Independent Substantive Changes***

This addendum creates a Jurisdictional Option (JO) that prohibits future installation of irrigation systems for non-functional turfgrass. Turfgrass is one of the highest water use plants commonly found in landscapes in the built environment. Communities in arid areas will be the most interested in this JO, though water shortages can occur for reasons other, such as water system treatment and distribution limitations or source water impairment. As such, this may be of interest to a significant set of AHJs. This second public review makes changes suggested during the first public review comment period and other committee members.

45-day Public Review from September 20, 2024 to November 4, 2024

- ♦ **1st Public Review Draft of BSR/ASHRAE Addendum a to Standard 41.8-2023, *Standard Methods for Liquid Flow Measurement***

The purpose of 41.8-2023 Addendum a is to update the steady-state criteria sections.

PUBLIC REVIEW—CALL FOR COMMENTS

- ♦ **2nd Public Review of ASHRAE Guideline 1.1-2007R, *Application of the Commissioning Process to New HVAC&R Systems***

This public review draft comprehensively revises ASHRAE Guideline 1.1-2007R.
